

SACHIN KUMAR

DATA SCIENCE INTERN | ASPIRING DATA SCIENTIST | PYTHON | SQL | POWER BI | DATA ANALYSIS

Jamshedpur, Jharkhand | +91 8207548606 | kumarsachin8207548606@gmail.com | GitHub: github.com/Sachinkr606 | LinkedIn: linkedin.com/in/sachinkr606/

ABOUT ME

BCA student and Data Science Intern with hands-on expertise in Python, SQL, Machine Learning, Power BI, Excel, and data analytics. Demonstrated experience in data cleaning, exploratory data analysis (EDA), predictive modeling, and interactive visualization. Focused on applying data-driven strategies and AI/ML algorithms to address complex business challenges and deliver actionable insights.

EDUCATION

Bachelor of Computer Applications (BCA)

Srinath University, Jamshedpur, Jharkhand | 2024–Present | Score: 69.05%

Senior Secondary (Class XII) – Science Stream

Punyark Vidya Mandir, Pundarakh, Bihar | 2022–2024 | Score: 48.9%

Secondary (Class X)

Vidya Jyoti School, Gamharia, Jamshedpur | 2017–2022 | Score: 64.75%

EXPERIENCE

Data Science Intern

Vizztal Academy, Adityapur, Jamshedpur | July 2026–Present | 6-Month Internship

- Processed, cleaned, and transformed 50,000+ rows of raw unstructured data using Python (Pandas, NumPy) and SQL, improving data quality and pipeline efficiency by 35%.
- Trained and evaluated 4+ Machine Learning classification & regression models using Scikit-Learn, achieving up to 88% model accuracy on benchmark test datasets.
- Built 3+ interactive Power BI dashboards and optimized SQL queries, tracking 10+ key performance metrics to deliver actionable visual insights.
- Collaborated in an agile team of 5+ members to present key data findings, helping streamline workflow decisions by 25%.

Data Analytics Workshop

Venturing Digitally | 7-Day Intensive Program

- Analyzed 5+ complex real-world datasets containing 10,000+ customer records using advanced exploratory data analysis (EDA) techniques.
- Leveraged Microsoft Excel (Pivot Tables, VLOOKUP/XLOOKUP, Dynamic Charts) to automate data cleaning workflows, cutting report prep time by 30%.
- Completed 100% of hands-on data analytics assignments and real-world case studies, deriving 15+ actionable business insights.

PROJECTS

Personal Portfolio Website

HTML5, CSS3, JavaScript | Deployed on GitHub Pages

- Designed and deployed a high-performance personal portfolio website with 98%+ PageSpeed score, serving 100+ visitors across 8 interactive sections.
- Integrated responsive UI components, sleek CSS animations, and modal popups, reducing average page load time to under 1.2 seconds.

Phone Book Management System

C++ | File Handling | CRUD Operations

- Developed a high-speed console-based contact management application in C++ using binary file handling, supporting search & CRUD operations for 1,000+ records.
- Optimized memory structures and file search algorithms, achieving zero data corruption and improving lookup response time by 40%.

TECHNICAL SKILLS

Programming

Python, C, C++

Data & Analytics

Data Analysis, EDA, Statistical Analysis, Data Cleaning, Data Processing

Databases

SQL, MySQL

Visualization & BI

Power BI, Microsoft Excel, Data Visualization

AI / ML

Artificial Intelligence, Machine Learning, Scikit-Learn, Predictive Modeling

Core Competencies

Data Wrangling, Quantitative Reasoning, Team Collaboration, Technical Writing

CERTIFICATIONS & COURSES

- AWS AI Practitioner Challenge — Amazon Web Services
- Microsoft Excel with AI Masterclass — Skill Course (Self-Learning)
- Basic Data Science and Artificial Intelligence — Feuchr School of Excellence
